Vernissage DOUBLE TROUBLE

DOUBLE TROUBLE

An exhibition about the mandatory duality of our existence, the need to focus and act from our individual standpoint in the here and the now, yet also be present and dispersed and generous in and with our surrounding all the while looking towards future.

It is an exhibition about being (required to be) present in multiple places or circumstances at the same time. About the need to wear different hats, or shoes, or whatever clothing item you prefer. It is an exhibition about both: presence and projection, the dichotomy of human existence, the need to under-and-over-estimate ourselves on a constant basis.

L'exposition DOUBLE TROUBLE réunit 17 artistes d'horizons divers dans un accrochage autour de l'idée de dualité, de la présence et de la projection. Chaque artiste contribue avec une œuvre reflétant sa position sur le sujet.

The exhibition DOUBLE TROUBLE reunites 17 artists of various backgrounds in a show revolving around the idea of duality, presence and projection. Each artist contributes with an artwork reflecting their position on the subject.
